To Whom It May Concern,

My name is Peter DeLaTorre and I am the President of RD Construction located in Lake Elsinore, California.

We have been a devoted sub-contractor to Alpha Construction for several years now doing concrete work for most of their prior and existing projects. Over these several years that we have been conducting business with them, we can truly say that Alpha Construction is a company with great integrity, is extremely dedicated to their customers and their work, and is entirely one of the best contractors that we have ever worked for.

We have been given extreme pleasure in working with such a reliable and dependable organization such as Alpha Construction and we look forward to doing as much business with them today as well as in the near future. I would strongly recommend Alpha Construction for any needs that their company could offer. If you should need any more information regarding Alpha Construction please feel free to contact me at (951) 245 – 0777.

Sincerely,
