

## Production Framing Lumber and Trusses

---

Letter of Reference:

November 24, 2009

To Whom It May Concern;

With Laurman Construction Co's thirty years of experience; we have provided the rough carpentry labor, lumber; and trusses on type V multi-story, slab on grade, and podium buildings in the Inland Empire and the greater Los Angeles area. Our projects consist of affordable housing, senior housing, multi-family, and assisted care housing. In the past twelve years we've had the privilege of being awarded multiple contracts from Alpha Construction Co. Inc. We have many customers, but Alpha Construction is our preferred General Contractor because of their professionalism. With years of experience they have become a very well respected General Contractor for all types of public and private community housing projects. We highly recommend them.

Sincerely;

George Laurman  
Owner
